<b>Total hours</b>	<b>168</b>

Part D

1. How do each of these activities contribute to or take away from your quality of your life?

Pool, gym and eating balanced meals throughout the day help contribute a healthy life style for me. Going to work , school and going to meeting for my business help me stay focused on making a positive contribution to my life in order for me to attain long term goals.

1. What do the findings tell you about the way you are currently living your life?

That I am on the correct track to achieve my goals that I have set in the future and help me succeed in life.

1. Is it doable to continue along this path?

Keeping up with this schedule is definitely doable because I am few months away from graduation and am super eager to finish school on a positive note with positive changes made in my life. Staying committed with my preplanned times will help me improve my overall life. Consistence is my routine will help me achieve my goals in finishing school, getting in shape and by increasing my net worth. These reasons will help me along this path to succeed.

Part 2

A

I am a 4th year university student, when i first started university it was led by me wanting to improve my skills in the business field. I am feeling great about what lies ahead because i plan to be a businessman and have several business ventures planned for the future. As my degree will be accounting I also plan on joining the CPA program to become a CPA. I have learned that if i apply myself to achieve something i can get it done.

B

After graduating i plan on working in the public accounting practise hopefully the CRA and then enroll into the CPA program. As I work in the accounting field I also plan on working on my business to reach the financial stability I've dreamed of. Staying on this path will make will contribute to the ideal future because i will be doing what I like and obtaining income at the same time.

## **Accounting: Bachelor of Business Administration**

### **Description**

The Bachelor of Business Administration (BBA) in Accounting program allows graduates to earn a business degree that prepares them to obtain a professional accounting designation in Canada (CPA designation).

In Canada, a degree is required for acceptance into the accounting designation. The BBA in Accounting offers courses in financial and management accounting, tax, audit, finance, economics, and other core business functions such as marketing and operations and information management, satisfying the undergraduate requirements of the accounting designation.

II

These skills are perfect for the preferred future I want. The accounting skills i have gained throughout my program have been very beneficial to me. I have already applied most of the skills i gain at work and in my personal life and applying them further and gaining more knowledge will get me to my preferred future.

I further explored my interest in business by branching out into other profession that I plan to operate in. For instance, real estate and development. This will also help me reach the preferred future i want and hope to achieve.

### III

Smart goals to obtain after graduation

1. Meet CPA requirements to join CPA by Jan 2020
2. Apply for CRA jobs, for the hiring process that happens in the fall 2019 in order to get a job in the public practise.
3. Save \$5,000 invest capital for cabinet business that i want to start after graduation in June.
4. Spend 1 hour everyday to improve personal health in order to maintain a healthy lifestyle all year long.
5. Network with at least 10 accounting professional in the field by fall 2019.
6. Work on growing invest portfolio by 50% for retirement by 2021.

### Part 3

#### A

I like to begin the day by exercising which helps me clear my mind and figure out what i have to do with my day and what goals that can achieve that day. Then i go to work and apply my accounting knowledge that i've gained through my school years. After work I've been focusing on school work and working my business. Theses action will help me get me to my preferred futures.

#### B

Making change in my daily life have made me better visualise my goals that i hope to achieve. Creating a better future for myself motivates me to achieve my goals. For instance i bought a monthly calendar to keep track of goals and tasks that i have to do.

#### C

##### I

My relationship with time and how contribute it towards my goals have increased a lot by just visualising and keeping track. In my personal life i have improvements on how i spend my time by contributing it more into work and improving personal health.

##### II

Amarpreet Mangat 100276660

If i keep this up i will achieve my preferred future sooner than later. By working i will gain valuable experience in the accounting field and will be able to apply those principles in my own career as a accountant.
